

***TECHNICAL SUPPORT ISSUES WITH  
THERMO FISHER OR IRM / NDC THICKNESS GAUGES?***

RSI offers low-cost solutions to users of obsolete or obsolescent gauging systems – both thickness and for coatings.

Upgrades of old systems or complete economical replacements are available from the company that offers 24/7 support for 15 years on any RSI-manufactured product! We also provide service and upgrades for older DMC, Radiometrie, Weston, Loral, Boyle Controls, Eberline, I2S and AccuRay, too!

Call us at 301.874.3494 or email us at [info@rsi-xray.com](mailto:info@rsi-xray.com).

***Contact RSI today to find out how we can solve your gauging problems!***
